

El programa de mentoría Iberus Connect para doctorados internacionales es una iniciativa promovida por Campus Iberus y las Escuelas de Doctorado de las Universidades de La Rioja, Lleida, Pública de Navarra y Zaragoza.

Este programa tiene como objetivo ayudar a los nuevos estudiantes de doctorado procedentes del extranjero a adaptarse a su nueva etapa en la Universidad donde va a realizar el doctorado; para eso, se contará con el asesoramiento y ayuda por parte de doctorandos experimentados que actuarán como mentores.

El mentor te guiará en los procesos académicos y administrativos más relevantes. Además, también podrá ayudarte en otros aspectos complementarios que faciliten tu adaptación a la ciudad y a la vida como doctorando en tu universidad.
