

PLACEMENT SLOVAKIA

Work Experience Abroad

Placement Slovakia, launched by GetOn, s.r.o. agency in 2008, is a comprehensive service for students, graduates and young professionals from across the European Union interested in gaining work experience in Slovakia.

We specialize in arranging quality international internships across Slovakia (5 months minimum) in frame of the LLP Mobility Programmes – Leonardo da Vinci and Erasmus.

We arrange work placement opportunities throughout the year in English speaking companies of all sizes, both Slovak and well-known international corporations in a wide variety of industries.

Our extensive network of partners and years of professional experience allow us to help individual students, graduates and young professionals in gaining valuable work experience in Slovakia, whilst improving the skills gained during their studies.

We cooperate with and advertise our placement opportunities in universities and educational organizations across the EU. Our services are completely free for students and universities alike and we provide full support to successful candidates prior to and during their time on placement in Slovakia.

What we offer:

- ✓ We help find and organize trainee work placements
- ✓ We help trainees with documents to obtain EU grant funding
- ✓ We help trainees find accommodation
- ✓ We provide trainees with necessary pre-departure information
- ✓ We meet and escort trainees upon airport arrival
- ✓ We provide trainees with practical advice and our Slovakia handbook
- ✓ We continuously track and monitor trainee progression and satisfaction
- ✓ We remain the trainees point of contact and assist them throughout the duration of their placement
